## Work Experience

---

Employer: Toshiba Business Solutions                      Location: Boston, MA  
Position: On-site Toshiba Representative                      Duration: April 2006 – present  
Responsibilities:

- Supported employees at Parametric Technologies Corporation, a software company in Needham, by assisting on a variety of time-sensitive projects, providing copy services, printing services, and assembling presentations.
- Responsible for printer and copier maintenance throughout three buildings.
- Assisted the Facilities Management crew on a variety of tasks necessary for building maintenance.

Employer: Animatus                      Location: Rochester, NY  
Position: Intern Animator                      Duration: June 2005 - August 2005  
Responsibilities:

- Worked on a variety of in-production projects, including a music video for a local performer and an animation tutorial for K-8 animation classes.
- Designed and animated characters of different ethnicities while mirroring the set style of the project.
- Planned, designed, and animated a tutorial on 4-legged walks for drawn animation classes, which included information on horse anatomy, different gaits, and character design.

Employer: Sports Zone                      Location: Rochester, NY  
Position: Animator                      Duration: September 2004 – May 2005  
Responsibilities:

- Using After Effects, created graphics for a student-produced sports television show.
- Worked with other members of the graphics department to create short animations to segue from segment to segment, as well as ads for upcoming R.I.T. sporting events.
